eClassic Cars

Is a French company specializing in the design and manufacture of iconic, brand new and electric vehicles, combining classic design with modern technologies. Formerly known as MLT Automotive, the company quickly made a name for itself with faithful reproductions enhanced by innovative technical solutions; ensuring reliability and safety without compromising the authenticity of the original models.

eStory 2x4 starting from €29,500 (INCL. VAT)

The eStory combines timeless design with modern innovations for an authentic driving experience.

eStory

The eStory is a modern reimagining of a 1968 automotive icon, staying true to its original dimensions.

Built on a brand-new aluminum chassis with integrated batteries, the eStory is designed to tackle any terrain with ease; whether it's roads, trails, slopes, vegetation, streams, beaches, and beyond.

With the eStory, freedom takes on a whole new meaning, wrapped in a four-wheeled masterpiece that's as discreet as it is silent.
